About Me

am a passionate Full Stack Developer specializing in the MERN stack (MongoDB, Express.js, React, Node.js). I have strong experience in building responsive, user-friendly web applications with clean and efficient code. Skilled in multiple programming languages and frameworks, I enjoy combining functionality with creative design to deliver modern, high-performance digital solutions. Driven by curiosity and continuous learning, I aim to develop scalable products that create meaningful impact.

Education

S.R.M UNIVERSITY,   Kattankulathur, Tamil Nadu
Bachelor of Technology in Computer Science and Engineering   *Aug 2024 - Present*

Minerva Public School   Ghumarwin, Himachal Pradesh
12th (PCM)   *March 2022 - March 2023*

Experience

Web Developer (Full-Stack, MERN)   May 2025 – July 2025
LafleurTech   *Chandigarh, India*

- Developed and maintained full-stack web applications using **MongoDB, Express.js, React.js, and Node.js**.
- Designed and implemented **responsive UIs** with React and optimized performance for scalability.
- Built secure **RESTful APIs** and integrated backend services for dynamic content rendering.
- Collaborated with a cross-functional team to deliver production-ready features under tight deadlines.
- Enhanced site performance, authentication flow, and data handling through efficient coding practices.

Android Developer Intern   April – June 2025
AICTE – EduSkills (Google for Developers Program)

- Completed a 10-week virtual internship focused on **Android app development**
- Developed and tested mobile applications using **Kotlin, XML, and Android Studio**.
- Learned best practices in UI/UX design, app architecture (MVVM), and API integration.

Web Development Intern   April 2025
TechSonix Solutions

- Completed a 4-week internship under the *TechSonix Employability Program*.
- Gained hands-on experience in **front-end web development** using HTML, CSS, and JavaScript.
- Enhanced skills in teamwork, code optimization, and project delivery.

Achievements

Hack the Cosmos Hackathon   April 2025
Computer Society of India, SRM Institute of Science and Technology (SRMIST)   *Kattankulathur*

- Successfully participated in the "Hack the Cosmos" hackathon organized by CSI SRM-KTR SB, demonstrating creativity and teamwork in solving space-tech and computing challenges.

Certificate of Appreciation – Co-Organizer, Space Exploration Hackathon   April 2025
Department of Computing Technologies, SRM Institute of Science and Technology *Kattankulathur*

- Recognized for exceptional support and dedication as a Co-Organizer in executing the "Space Exploration Hackathon," contributing to event management and coordination under the School of Computing.

Technical Skills

Languages: Java, Python, C/C++, JavaScript, HTML/CSS, R
Frameworks: React, Node.js, MongoDB, Express.js
Developer Tools: Git, GitHub, VS Code, Blender, IntelliJ
